Zurich, 29th January 2008

Dear Sirs

We are so pleased to have received your donation of USD 4'799.94. Thank you very much indeed.

Since 1992, three hospitals have been built and put into use: Kantha Bopha I and II in Phnom Penh as well as 'Jayavarman VII' in Siem Reap Angkor. On December 29th, 2005, we opened the new children's hospital Kantha Bopha IV in the presence of the King and the whole Cambodian government, and on January 18th, 2006 it was put into operation. The new hospital enables us to continue working in Phnom Penh.

85% of all sick children in Cambodia are treated in our four hospitals. 50 surgical operations are carried out - daily. We treat 3000 sick children - daily. And we hospitalise 140 to 350 very ill children - daily. Mortality has been reduced to 1.1% in the past 14 years. In addition, in our maternity clinic in Angkor, which was built to prevent the spread of AIDS from mothers to their children, there are 30 to 45 - also daily. All this is thanks to your help. We thank you with all our hearts.

The Cambodian people are grimly poor. Without free treatment, there would be no chance of children receiving correct and efficient medical care. We pay our approximately 1600 Cambodian employees a proper salary, and this prevents corruption.

Our hospitals are efficient. According to PricewaterhouseCooper, only 5.5% of our total income in 2005 was spent on administration, accounting, auditing through PricewaterhouseCooper, advertising, thank you letters and correspondence with people making donations etc.

With our thanks and kind regards,

Foundation children's hospital Kantha Bopha, Dr med. Beat Richner

A. Löhner Beat Richner

Dr. med. Alfred Löhner
President of the foundation

Dr. med. Beat Richner
Operations manager of the hospitals
